

## **Build A Positive Team Culture While Supporting A Common Cause: #DigPink®**

Coaches, are you looking for a way to create a team-bonding experience that makes an impact?

[The Side-Out Foundation](#)'s Dig Pink® Program provides volleyball teams the opportunity to create impactful experiences that build a positive team culture, all while raising funds for Side-Out's very own stage IV breast cancer research.

Through the foundation, the sport of volleyball is funding precision medicine solutions that find the right treatment, for the right person, and the right time - giving those living with stage IV breast cancer more time with their families.

Every team that supports The Side-Out Foundation receives their own online fundraising page to share with their community, making fundraising incredibly simple! To get your team involved and **start your Dig Pink campaign**, visit [side-out.org/start-a-campaign/](https://side-out.org/start-a-campaign/).

If you have any questions about getting involved, please contact Tim Anderson at [tim.anderson@side-out.org](mailto:tim.anderson@side-out.org).
