Website - don't ever wonder if something needs to be fixed. If there is a concern get it to me right away! Your areas on the website need to be your areas - you are the one who need to look at it and ask for corrections. Looks great! Good job!

College Rep - really valuable that we are making it as easy as possible for people to become members and kids available for awards. NCAA rules that have changed - do we want to post that it or it be on our website.
