3 minutes between sets of a game

c. Board Term Transition – Idea for Consideration

One idea to consider is adjusting board terms so they end after the **second board meeting following the MIVCA Clinic**. This would allow incoming members to attend their first two meetings **alongside outgoing members**, giving them time to observe, ask questions, and ease into the role before officially taking over.

Currently, the **first board meeting following the Clinic** happens the **same day new members are voted onto the board**, which doesn't allow for any real preparation. The second meeting would be our best opportunity to have both outgoing and incoming members present to wrap up tasks, transfer responsibilities, and provide some onboarding support.

Voting rights would shift to the new members at the **third board meeting after the Clinic**, which would mark the official start of their term. Terms would then run from the third post-Clinic meeting of one year to the third post-Clinic meeting two years later.

Example: If someone's term ends in 2026, they would stay on through the second meeting after that year's Clinic. Their replacement would attend the first two meetings in a non-voting, learning capacity and then fully take over at the third.

If this is something the board wants to move forward with, the next step would be to send it to our attorney to begin the process of updating the bylaws.
